

Determinazione del Responsabile Ufficio Formazione n° 1185 del - 9 GIU. 2017

Oggetto: Aggiornamento obbligatorio, Dirigente Medico, Dott.ssa Lai Annalisa

Publicata all'Albo Pretorio dell'Azienda Ospedaliera a partire dal - 9 GIU. 2017 per 15 giorni consecutivi e posta a disposizione per la consultazione.

Il Responsabile dell'Ufficio Formazione

- Visto** il D. Lgs. n. 502/92 e successive modificazioni ed integrazioni;
- Viste** le Leggi Regionali n. 10/2006 e n. 05/2007;
- Vista** la Deliberazione n. 263 del 04.03.2015, con la quale il Commissario Straordinario ha autorizzato il Responsabile dell'Ufficio Formazione Dott. Andrea Corrias, a predisporre le Determinazioni;
- Vista** la comunicazione Prot. n° 130 del 24.05.2017, con la quale il Direttore Dipartimento di Emergenza ha fatto richiesta di comando obbligatorio per aggiornamento, in favore del Dirigente Medico Dott.ssa Lai Annalisa;
- Ritenuto** di dover autorizzare la partecipazione della Dott.ssa Lai Annalisa al Congresso "37th Annual Esra Congress" che si terrà a Lugano dal 13.09.2017 al 16.09.2017, per un importo presunto di € 1740,00 (millesettecentoquaranta euro) come da documentazione allegata per farne parte integrale e sostanziale;
- Considerato** che tale spesa ricadrà sul Fondo per l'aggiornamento obbligatorio Dirigenti Medici - Dipartimento Emergenza - anno 2017 di cui risulta verificata la copertura finanziaria e che la liquidazione dei costi sostenuti dovrà essere effettuata previa trasmissione a cura del Dott.ssa Lai Annalisa della documentazione giustificativa ai competenti Uffici con la relazione sull'aggiornamento e dell'Attestato di partecipazione al Congresso;

%

Segue determinazione n. 1185 del - 9 GIU. 2017

DETERMINA

Per i motivi esposti in premessa:

1. Autorizzare la partecipazione della Dott.ssa Lai Annalisa al Congresso "37th Annual Esra Congress" che si terrà a Lugano dal 13.09.2017 al 16.09.2017.
2. Dare atto che l'importo complessivo presunto di €1740,00 (millesettecentoquaranta euro) ricadrà sul Fondo per l'aggiornamento obbligatorio Dirigenti Medici - Dipartimento di Emergenza - anno 2017 di cui risulta verificata la copertura finanziaria.
3. Disporre che la liquidazione dei costi sostenuti dalla Dott.ssa Lai Annalisa venga effettuata previa trasmissione ai competenti Uffici della documentazione giustificativa, di una relazione sull'aggiornamento e dell'Attestato di partecipazione al Congresso.
4. Trasmettere la presente determinazione al Direttore della S.C. del Personale per i conseguenti adempimenti.

Il Responsabile dell'Ufficio Formazione
Dott. Andrea Corrias

del 24/05/2017 ore 12.02

Mittente SC Anestesia

Assegnatario Ufficio Formazione

Prot.n. 130 del 24-05-2017

Classifica 1 Fascicolo 1 del 2017

Al Sig. Direttore Generale
Al Responsabile Ufficio Formazione
Azienda Ospedaliera Brotzu
-SEDE-

Oggetto: Richiesta aggiornamento Obbligatorio

Si chiede che venga concesso alla/al Sig.ra/Sig. e/o alla/a Dott.ssa/Dott. ANNA LISA CAI
dipendente di codesta Azienda con la qualifica di MEDICO DIRIGENTE
in servizio presso: Struttura ANESTESIA E TERAPIA DEL DOLORE
afferrente al Dipartimento di EMERGENZA

di partecipare

a titolo di aggiornamento **Obbligatorio** e in considerazione dell'importanza degli argomenti trattati, al seguente evento:

- Corso teorico Corso teorico/pratico Congresso Convegno Seminario Frequenza in altre Strutture
 Altro

Titolo dell'evento 36th ANNUAL ESRA CONGRESS

Che si terrà a LUGANO (SVIZZERA) dal giorno 13/9/17 al giorno 16/9/17

La spesa prevista:

- Iscrizione € 800
- Viaggio € 200
- Vitto € 240
- Pernottamento € 500

PS. SI RICHIEDE CORTESEMENTE L'ANTICIPO DELLE SPESE.
Alai

Spesa totale complessiva € 1740

Motivazione scientifica e professionale della richiesta:

Approfondimento delle tecniche e indicazione dell'anestesia loco-regionale e terapia del dolore postoperatorio

Cordiali saluti

ESRA 2017 PROGRAMME

| Tracks | |
|----------------------|-----------------------------|
| CENTRAL NERVE BLOCKS | PERIPHERAL NERVE BLOCKS |
| OBSTETRIC | PAEDIATRIC |
| ESRA SESSION | HANDS ON WORKSHOP |
| | HANDS ON CLINICAL WORKSHOPS |

Wednesday, 13 September 2017

| | HALL A | HALL C | HALL B2 | HALL B3 | HALL E | Villa Grand Level 2 |
|---------------|---|--|---|---|---|---|
| 8:30 - 9:30 | Symposia: Postoperative analgesia for orthopedic upper and lower limb surgery (peripheral) Lecture 1: Analgesia for Cervical surgery/fractures Lecture 2: The role of the sympathetic nervous system in acute pain Lecture 3: Postoperative analgesia after lower limb surgery: central block selection Lecture 4: Regional versus systemic analgesia: 1st - benefit analysis | Refresher Course 01: Peripheral nerve blocks in children (peripheral) Refresher Course 05: Preventing post-surgical pain after a long wait list (Chronic) | PROSPECT SESSION: (Postoperative) Lecture 1: Why? Prospect and procedure specific pain recommendations Lecture 2: What is the role of the surgeon in postoperative analgesia? Lecture 3: An overview of recently updated procedures Lecture 4: Gabapentin: what is it's role in postoperative pain therapy? | Problem based Learning Discussion 01: A case of an idiopathic peripheral nerve block (Peripheral) Problem based Learning Discussion 02: Interventional management approach for chronic calcific pain (Chronic) | Refresher Course 02: Prevention of phantom pain (Chronic pain) Refresher Course 04: Diabetic and neuropathic nerve blocks (peripheral) | All Hands Workshop |
| 9:30 - 10:30 | | | COFFEE BREAK in Hall A Foyer | | | |
| 10:30 - 11:00 | | | | | | |
| 11:00 - 11:50 | Refresher Course 05: CSE for labor and Cesarean section Why and how? (Obstetric) | Pro Con Debate 1: US guided upper arm/hand & the block of choice for wrist arthroscopy (peripheral) | Problem based Learning Discussion 03: Risk reduction of residual hematoma after interventional pain procedures (Chronic) | Refresher Course 05: US guided lumbar plexus blocks while in the best approach based on surgical intervention and patient characteristics? (Peripheral) | | All Hands Workshop |
| 12:00 - 12:50 | Refresher Course 07: Regional anesthesia in children: surveys, mass/Refresher Course and safety (paediatric) | Pro Con Debate 2: Regional anesthesia has significantly improved outcome after major orthopedic, abdominal and thoracic surgery (General) | ASC THE EVENT: The axillary block enhanced | Refresher Course 06: The caudal block: an update (paediatric) | | |
| 13:00 - 14:00 | Lunch Break & Luncheon Sessions in Villa Grand - Ground Level | | | | | |
| 14:00 - 14:50 | Short Symposia: Education in paediatric Regional Anesthesia (paediatric) Lecture 1: What residents need to learn and how and the importance of education Lecture 2: Regional or General anesthesia regarding neurotoxicity: lesson learned... So far | Pro Con Debate 3: Remittent labour analgesia should be offered as a routine option to pregnant women in labour (Obstetric) | ASC THE EVENT: The axillary block enhanced | Refresher Course 07: Post-Cesarean section analgesia (Obstetric) | | Workshop: Paediatric (paediatric) |
| 15:00 - 15:30 | Symposia 3: Anesthesia for Cesarean Section (Obstetric) Lecture 1: Topping up a labour epidural for C-section Lecture 2: General anesthesia for C-section | COFFEE BREAK in Hall A Foyer | | Refresher Course 10: Central hypotension in chronic neurodegenerative pain (Chronic) | | Workshop: Paediatric continued (paediatric) |
| 16:30 - 17:30 | Lecture 3: Spinal anesthesia for C-section Lecture 4: Postoperative Analgesia after Cesarean section | Pro Con Debate 4: T2P and QL blocks have no benefit in postoperative pain management after abdominal surgery (peripheral) | BEST FIVE PAPER SESSION | Refresher Course 08: Management of long term neuropathic pain (Chronic) | | |
| 17:30-19:00 | Workshop Session | | | | | |

Friday, 15 September, 2017

| TIMING | HALL A | HALL C | HALL B1& B2 | HALL B3 | HALL E | Villa Gant Level 2 | HALL G | Office |
|---------------|---|---|--|--|---|---|---|-----------------------------|
| 8.30 - 9.20 | Symposium: Complications of regional anesthesia (Central) | Refresher Course 22 Neurotoxicity, anesthesia and the fetus/neonate (paediatric) | Pro-Con Debate 12: Epidural lipophilic opioids are NOT needed when an epidural top-up is given to achieve anesthesia for Caesarian (Obstetric) | Problem based Learning Discussion 09: Laparotomy for anesthesia (Central) | ASK THE EXPERT 5: Management of postoperative pain in children (following major surgery (paediatric)) | Workshop 5.1 (Lumbar Plexus, QLB, TAP, Rectus) | Live Demonstration 7: THE PARASPINAL BLOCK | Hands on cadaver workshop 4 |
| 9.30 - 10.20 | Lecture 1: Mechanisms to explain neurologic damage after regional anesthesia Lecture 2: Peripheral nerve blocks in the anti-coagulated patient - a bridge too far? Lecture 3: Needle tip design and needle insertion Lecture 4: Tricks and tips to place and maintain peripheral catheters and avoid complications | REFRESHER COURSE 21: EPIDURAL AND SPINAL ANESTHESIA (CENTRAL) | FREE PAPERS Miscellaneous | Problem based Learning Discussion 10: My patient has a neurologic injury after a peripheral nerve block and orthopedic surgery, what now? (Paediatric) | ASK THE EXPERT 6: Postoperative Pain Management | | Live Demonstration 6: Distal peripheral nerve blocks (upper limb (peripheral)) | |
| 10.30 - 11.00 | AWARDS CEREMONY | COFFEE BREAK: In the Exhibition/ E-poster Discussion sessions | | | | | | |
| 11.00 - 11.50 | | | | | | | | |
| 12.00 - 12.50 | | REFRESHER COURSE 23: EPIDURAL AND SPINAL ANESTHESIA (PERIPHERAL) | Refresher Course 25: Abdominal wall block and wound catheters (Peripherial) | AGM | ASK THE EXPERT 7: Continuous peripheral nerve blocks for cancer related pain (Oncology) | HANDS ON CLINICAL WORKSHOPS 5 (FAST, FEEL) | Live Demonstration 8: BLOCKS FOR CHRONIC PAIN | HANDS ON CADAVER WORKSHOP 5 |
| 13.00 - 14.00 | ASRA-ESRA PANEL GUIDELINES: PEDIATRIC REGIONAL ANESTHESIA Lecture 1: Local anesthetics and central blocks Lecture 2: Local anesthetics and peripheral blocks Lecture 3: Toxicity Lecture 4: Adjuvants | Lunch Break & Luncheon Sessions | | | | | | |
| 14.00 - 14.50 | | CHANGE PAIN SESSION | PRO-CON DEBATE 14: ULTRASOUND-GUIDED HAS TO REPLACE FLUOROSCOPY IN CHRONIC PAIN | | ASK THE EXPERT 7: Continuous infusions of Intermittent boluses for pain relief using a peripheral nervous catheter (peripheral) | HANDS ON CLINICAL WORKSHOPS 5 (FAST, FEEL) (CONTINUED) | Live Demonstration 10: PECs-blocks (peripheral) | |
| 15.00 - 15.30 | | | | COFFEE BREAK in the Exhibition | | | | |
| 15.30 - 16.20 | Symposium: Analgesia in labor (obstetric) Lecture 1: fetal effects of analgesia: the good, the bad and the ugly Lecture 2: Modern neuraxial labour analgesia | SYMPOSIUM: IS CHANGING PRACTICE IN SPINAL CORD STIMULATION? Lecture 1: CHRONIC PAIN IN PERIPHERAL NEUROPATHY: WHERE IS THE THERAPEUTIC TARGET? Lecture 2: SPINAL CORD STIMULATION OF THE DORSAL ROOT GANGLION: REAL INDICATIONS Lecture 3: EFFICACY OF HIGH FREQUENCY SPINAL CORD STIMULATION: WE REALLY DON'T NEED TO TEST EFFECT ON THE TARGET? Lecture 4: IMAGING AND SPINAL CORD STIMULATION: MATCHING TARGET | Pro-Con Debate 15: Regional Anesthesia prevents postoperative cognitive dysfunction (Central) | Problem based Learning Discussion 11: How to manage peripheral and central blocks in the ward? (Central) | FREE PAPERS Chronic pain Management | HANDS ON CLINICAL WORKSHOPS 6 (RESCUE PATIENTS & RESCUE BLOCKS) | Live Demonstration 11: Distal peripheral nerve blocks (lower limb (peripheral)) | HANDS ON CADAVER WORKSHOP 6 |
| 16.30 - 17.20 | Lecture 3: Systemic analgesia Lecture 4: Nitrous Oxide | | Pro-Con 16: Cardiac valve stenosis remains an absolute contraindication to spinal anesthesia (Central) | Problem based Learning Discussion 12: (Chronic) My patient presents with pain relief which is not what I see? | FREE PAPERS Paediatric | | Live Demonstration 12: The interscalene block and alternatives (peripheral) | |
