

## DETERMINAZIONE DEL DIRETTORE DELLA S.C. ACQUISTI BENI E SERVIZI

N. 1213

DEL 23 OTT. 2015

Oggetto: Affidamento diretto ex art. 125 del D. Lgs. 163/06, per la fornitura del servizio di Controllo Qualità europeo ERNDIM per la diagnostica delle malattie metaboliche ereditarie da destinare all'U.O. Malattie del Metabolismo e Screening Neonatale del P.O. Microcitemico. Ditta ERNDIM. Spesa complessiva € 980,00 Iva Inclusa. Art. 29 comma 2 L.R. 10/06. Codice Cig. ZE816ABCF5.

Publicata all'Albo Pretorio dell'Azienda a partire dal 23 OTT. 2015 per gg.15 consecutivi e posta a disposizione per la consultazione.

### IL DIRETTORE DELLA S.C. A.B.S.

- Visto** il D.Lgs n. 502/92 e successive modificazioni ed integrazioni;
- Vista** la deliberazione n. 589 del 15.04.2015 con la quale il Commissario Straordinario ha conferito delega al Direttore della S.C. Acquisti Beni e Servizi, all'adozione, tra l'altro, dei provvedimenti di aggiudicazione di procedure d'acquisto per la fornitura di beni e servizi il cui importo sia inferiore a € 40.000,00;
- Premesso** che con nota pervenuta presso codesto Servizio in data 20/10/2015 (All. A fg. 1) il Responsabile dell'U.O. Malattie del Metabolismo e Screening Neonatale del P.O. Microcitemico ha richiesto l'iscrizione al Controllo di Qualità europeo ERNDIM per la diagnostica delle malattie metaboliche ereditarie, relativamente agli esami di seguito indicati:
- Dosaggio acidi organici urinari;
  - Dosaggio quantitativo aminoacidi;
  - Special Assay nelle urine;
  - Mucopolisaccaridi urinari;
- Considerato** che non risultano attive convenzioni della Centrale regionale e della Consip relative a detto servizio, per cui non possono essere applicate le disposizioni di cui al "Decreto spending review due" (D.L. 95/2012, convertito in legge 135/2012), come da elenco allegato (All. B fg. 3);
- Rilevato** che il Responsabile dell'U.O. Malattie del Metabolismo e Screening Neonatale del P.O. Microcitemico ha dichiarato, nella sopraccitata nota, l'unicità e l'infungibilità del controllo di qualità in oggetto, specificando, tra l'altro, che tutti i Centri italiani ed europei che si occupano della diagnostica delle malattie metaboliche ereditarie eseguono i controlli di qualità presso l'ENRDIM;
- Dato Atto** che si è reso necessario provvedere in merito a mezzo di affidamento diretto, ex art. n. 125, comma 11 del D. Lgs. n. 163/06;

%

A

Segue determinazione n. 1213 del 23 OTT. 2015

- Visti** lo schema di iscrizione n. ERN0044 e la brochure con le condizioni di partecipazione al controllo di qualità in oggetto, proposti dalla Ditta ENRDIM, la quale si è resa disponibile a fornire tale servizio per un importo complessivo pari a € 980,00 Iva Inclusa (All. C fg. 6);
- Ritenuto** di dover affidare alla Ditta ENRDIM il servizio di Controllo di Qualità europeo per la diagnostica delle malattie metaboliche ereditarie, relativamente agli esami di seguito indicati:
- Dosaggio acidi organici urinari;
  - Dosaggio quantitativo aminoacidi;
  - Special Assay nelle urine;
  - Mucopolisaccaridi urinari
- per un importo complessivo pari a € 980,00 Iva Inclusa;
- Dato Atto** che non sussistono conflitti di interesse con la Ditta assegnataria del servizio;
- Visti** il D.Lgs n. 163/06, il D.P.R. n. 207/2010 e le leggi regionali nn. 10/97, 10/06 e 5/07;

#### D E T E R M I N A

per i motivi esplicitati in premessa:

1. di affidare alla Ditta ENRDIM il servizio di Controllo di Qualità europeo per la diagnostica delle malattie metaboliche ereditarie, relativamente agli esami di seguito indicati:
  - Dosaggio acidi organici urinari;
  - Dosaggio quantitativo aminoacidi;
  - Special Assay nelle urine;
  - Mucopolisaccaridi urinariper un importo complessivo pari a € 980,00 Iva Inclusa;
2. di dare atto che l'importo di € 980,00 oltre Iva di Legge verrà imputato al conto n. A506030103 del Piano dei Conti – Centro di Costo **Microcitemico** 1138370999;
3. di dare atto che l'esecuzione del relativo contratto avrà inizio contestualmente alla pubblicazione del presente atto, ai sensi dell'art. 11 comma 12 del D. Lgs. n. 163/06;
4. di comunicare l'adozione del presente atto all'Assessorato all'Igiene e Sanità, ai sensi dell'art. 29 comma 2 della L.R. n. 10/06;
5. di autorizzare il Servizio Economico Finanziario dell'Azienda all'emissione dei relativi ordini di pagamento, a seguito di presentazione dei giustificativi recanti l'attestazione di regolarità della fornitura da parte degli Uffici competenti.

IL DIRETTORE DELLA S.C. A.B.S.

Dott.ssa Agnese Foddis

SERVIZIO PROVVEDITORATO  
 20 OTT. 2015  
 Prot. N. 1675

*Dr. Verzace / Microcitemico*

Al Servizio Acquisti Azienda Ospedaliero Brotzu

**Oggetto: Iscrizione controllo qualità per diagnostica malattie metaboliche ereditarie**

Si allega schema ordine per iscrizione Controllo Qualità europeo ERNDIM per la diagnostica delle malattie metaboliche ereditarie.

Abbiamo previsto l'iscrizione al controllo di qualità per:

- Dosaggio acidi organici urinari
- Dosaggio quantitativo aminoacidi
- Special assay nelle urine (acido orotico, succinilacetone)
- Mucopolisaccaridi urinari.

Questi esami vengono eseguiti dal nostro laboratorio e questo controllo di qualità rappresenta un importante ausilio alla qualità delle analisi.

Il nostro laboratorio esegue tale controllo di qualità da circa 15 anni  
 Risultano iscritti numerosi laboratori italiani ed europei

Si allega lo schema di iscrizione (che deve essere confermato con il Numero d'ordine ( purchase order No.) e si allega brochure con le condizioni di partecipazione

Si dichiara la unicità e infungibilità di tale controllo di qualità. Infatti tutti i Centri italiani ed europei che si occupano della diagnostica delle malattie metaboliche ereditarie eseguono i controlli di qualità presso l'ERNDIM

La spesa prevista è di euro 980, iva inclusa.

# ERNDIM

QUALITY ASSURANCE IN LABORATORY TESTING FOR IEM

## Participant's Guide 2016

**ERNDIM Administration Office**  
Manchester Centre for Genomic Medicine  
6th floor, St Mary's Hospital  
Oxford Road, Manchester  
M13 9WL, UK  
Tel: +44 161 276 6741  
Fax: +44 161 850 1145  
E-mail: [admin@erndim.org](mailto:admin@erndim.org)  
Web: [www.erndim.org](http://www.erndim.org)

## 1. EQA Schemes

ERNDIM provides External Quality Assurance (EQA) schemes in the field of inborn errors of metabolism. The full list of available schemes can be found on the ERNDIM website ([www.erndim.org](http://www.erndim.org)) and in the ERNDIM EQA scheme catalogue.

## 2. Registering for EQA schemes

Registration for the next year's EQA schemes opens in the September of the previous year.

Details of how to access the ERNDIM Registration Website are sent to all existing EQA participants in September of each year and are available from the ERNDIM Administration office upon request.

If your laboratory already participates in an ERNDIM EQA scheme the Registration Website will show all the contact and address information which is held by ERNDIM for your laboratory.

It is the responsibility of the person listed as the primary laboratory contact to provide the ERNDIM Administration office with valid, up to date contact and address details:

1. The primary laboratory contact should check that all the information is correct and update it where necessary. The information should include:

- Email and postal addresses for at least 2 named laboratory contacts.
- A delivery address for EQA materials.
- An invoice address and named invoice contact with email address.
- Email address for named Head of Laboratory or Quality Manager. If a laboratory does not supply the contact details for the Head of laboratory or Quality Manager ERNDIM reserves the right to withhold the laboratory's Certificate of Participation until such time as the contact details are supplied.

2. Select the EQA schemes that you wish to participate in during the next year.

3. Add a purchase order number to the registration form, if your hospital or laboratory procedures require it to be on the invoice, and then

4. **Submit** your order.

Any subsequent change in contact persons or address details **must** be sent to the ERNDIM Administration office ([admin@erndim.org](mailto:admin@erndim.org)) as soon as possible.

New participants can email the ERNDIM Administration office ([admin@erndim.org](mailto:admin@erndim.org)) to request access to the ERNDIM Registration Website.

If you have any problems with registering for the EQA schemes please contact [admin@erndim.org](mailto:admin@erndim.org).

### 2.1. Confidentiality

Laboratory information is confidential and is only shared with the ERNDIM Administration office, the Scientific Advisors and the scheme organisers. All participating laboratories are given a unique ERNDIM reference number which should be used in all correspondence with ERNDIM.

The fact that your laboratory participates in ERNDIM schemes is not confidential, however, the raw data and performance scores are.

### 2.2. EQA participation fees

The price of each EQA scheme is shown on the Registration website, in the EQA Scheme Catalogue and also on the ERNDIM website under EQA schemes.

For laboratories outside of Europe an additional mailing charge per scheme is levied. Please see the EQA scheme catalogue for further details.

VAT at 20% will be added to invoices for all UK laboratories.

### 2.3. Laboratory Support Grants

A limited number of Laboratory Support Grants are available to provide financial support for laboratories which due to financial restrictions find it difficult to fund participation in one or more of the ERNDIM EQA schemes.

Laboratory Support Grants are awarded annually by ERNDIM on a competitive basis with the aim of allowing laboratories to extend their repertoire of EQA scheme participation.

If you would like to apply for a Laboratory Support Grant please complete and return the application form, which can be found on the ERNDIM website under Training and Education/Grants.

Applications for support during the 2016 scheme year must be received by the Administration Office by 31<sup>st</sup> November 2015.

## 2.4. Discount for sample donations to the DPT scheme

If a laboratory that participates in the Diagnostic Proficiency testing (DPT) scheme donates a sample that is used as EQA material in the DPT scheme, they qualify for a 20% discount on the cost of the DPT scheme in the following year. The Administration office automatically applies this discount to orders from qualifying laboratories.

## 2.5. Educational participation

Educational Participation is open to laboratories that are participating in an EQA scheme to help with setting up a new test but are not yet offering a clinical service.

Participants that select Educational Participation when registering for an EQA scheme MUST send a completed and signed Educational Declaration form to the ERNDIM Administration office.

Educational Participation in a scheme is not confirmed until the Administration office confirms that your application has been accepted.

Please note the number of Educational Participants per scheme is limited and Educational Participation is not available for the DPT scheme.

The Educational Participation Declaration forms can be found on the ERNDIM Registration website ([www.erndim.org/qadb](http://www.erndim.org/qadb)) under Participant Information. There is one form for the qualitative schemes and separate forms for each of the quantitative schemes.

A separate Declaration form needs to be completed for each EQA scheme in which you wish to be an Educational Participant.

## 3. Sample Dispatches

For Quantitative EQA schemes sample dispatch dates will be given on the ERNDIM website by the end of February of each year.

For Qualitative EQA Schemes, which use real clinical samples, sample dispatch dates may vary depending on the availability of suitable material. The dispatch dates for these schemes will be posted on the ERNDIM website as they become available.

### 3.1. Replacement Samples

If you do not receive the EQA sample parcel within 4 weeks of the sample dispatch date please contact the ERNDIM Administration Office.

## 4. Analysis and Reporting

You will receive instructions on sample testing and reporting processes with the sample shipments.

EQA samples must be treated in the same way as clinical samples.

Details of the number of submission deadlines for each scheme and their approximate timings are given under the individual scheme entry in the EQA scheme catalogue.

Reports and results will be released according to individual scheme timetables.

If a laboratory persistently does not submit results, or submits insufficient results for performance to be assessed ERNDIM reserves the right to restrict the laboratory's participation in the EQA scheme(s) in future years.

## 4.1. Final Scheme Annual reports

For each EQA scheme an Annual report is published after the end of the scheme year. All the EQA scheme Annual reports can be downloaded from the ERNDIM website under [Meeting and Reports](#).

## 5. Performance Assessment

Submitted results are evaluated according to ERNDIM policies and procedures, which are available upon request.

The minimum number of points required for satisfactory performance in each EQA scheme is defined by the Scientific Advisor, ratified by the Scientific Advisory Board (SAB) and is reviewed annually at the spring SAB meeting.

Satisfactory performance in an EQA scheme is based solely on the laboratory's performance in that scheme year and does not guarantee future performance. ERNDIM is not responsible for the performance of participating laboratories.

### 5.1. Critical Errors

For the Qualitative EQA schemes any errors which would be unacceptable to the majority of laboratories will be separately assessed as Critical Errors.

An absence of Critical Errors is required for satisfactory performance. Any laboratory that makes a Critical Error will be classed as a poor performer regardless of their overall score in the EQA scheme.

The critical errors for each EQA round will be proposed by the Scientific Advisors for the individual EQA schemes and will be ratified at the spring Scientific Advisory Board Meeting which is held after the completion of the EQA scheme year.

## 5.2. Performance Support Letters

Laboratories that have unsatisfactory performance or fail to return sufficient results will be sent a Performance Support Letter by ERNDIM.

The aim of the performance support letter is to begin a dialogue between the Scientific Advisor and the participating laboratory in order to solve any particular analytical problems and to help the laboratory improve performance.

If a laboratory does not respond to the Performance Support Letter ERNDIM reserves the right to contact the Laboratory Head or Quality Manager.

## 6. Certificates of Participation

A certificate showing which EQA schemes you have registered for, participated in and your laboratory's performance in those schemes is issued after the end of the scheme year when all scheme results have been finalised.

## 7. Appeals

If you wish to appeal against the evaluation of your laboratory's performance in an EQA scheme a formal appeal must be submitted in writing to the ERNDIM Administration Office within 21 days of the date of the performance support letter.

All appeals are initially considered by the EQA scheme Scientific Advisor with any further appeals being considered by the ERNDIM Executive Committee.

## 8. Feedback to ERNDIM

Confidential communications about a scheme can be made to the ERNDIM Administration Office.

A participant survey is also conducted annually. The results of this survey are shared with the ERNDIM Management Committees and a survey report is uploaded to the ERNDIM website under [Meetings and Reports](#).

## 9. Complaints

Participants who wish to make a formal complaint are asked to contact the ERNDIM Administration Office in writing.

If a complaint is received it will be logged along with the action taken. The office staff will attempt to address the complaint as soon as possible. If the participant is not satisfied with the response then the matter will be brought to the ERNDIM Executive Committee at their next meeting and a response made in light of their advice.

## 10. Collusion

Participants found colluding in their scheme returns may be excluded from participation in future schemes.

## 11. Subcontracted activities

Some activities such as the manufacture of materials, dispatch of samples and hosting and maintenance of websites are subcontracted but ERNDIM remains responsible for the oversight of subcontracted activities.

## 12. Invoicing & Payment Information

### 12.1. Invoices

For participants that submit an EQA scheme order by the Registration deadline, invoices will be sent out in mid-November and will be dated 1st January of the following year, as requested by a number of laboratories.

If your hospital or laboratory procedures require a purchase order number on the invoice, this should be added to the registration form.

If you receive a purchase order from your finance department after the registration period has closed, please send it to the Administration Office as soon as possible so it can be added to your invoice.

The invoice payment date will be stated on the invoice but for orders submitted within the registration period, **invoice payments must be received by ERNDIM by 1<sup>st</sup> April in the scheme year**, unless an earlier date is specified due to late payment of a previous invoice.

For participants that submit a late registration request any invoices will be dated with the issued date and the payment date will be 1<sup>st</sup> April or 8 weeks from the issued date, whichever is later.

Invoices show:

- The EQA schemes chosen.
- The subscription fees for those schemes and associated mailing charges.
- Any discounts applied due to sample donation or awarded grants.
- Any balance brought forward from previous invoices.

Invoices will be sent **by email only** to the primary, secondary and invoice contacts for each laboratory. It is the responsibility of the primary laboratory contact to ensure they provide a valid invoice contact name and email address.

The participant **must** check the information in the invoice. If all details are correct the invoice should

be passed for payment to the appropriate finance department.

If any details on the invoice are not correct the ERNDIM Administration office ([admin@erndim.org](mailto:admin@erndim.org)) should be notified by mid-December and a revised invoice will be issued.

It is the responsibility of the participant laboratory to ensure that the ERNDIM invoice is paid.

Late payment will incur penalties as specified below:

- Interest charges of 1.3% per month are applied to outstanding balances after the invoice payment date. When interest is added to the outstanding balance an updated invoice with a new version number will be sent to the participant.
- If there is still an outstanding invoice balance after the 1st July, in the next year the invoice payment date will be 31<sup>st</sup> January and the dispatch of samples to the laboratory in that year will be delayed until ALL outstanding invoices have been paid.
- If there is still an outstanding invoice balance after the 1st September, in the same year as the scheme participation, the laboratory will not be eligible to participate in any ERNDIM EQA schemes until all outstanding invoices have been paid and a Certificate of Participation for the current year will not be issued.

## 12.2. Payment Information

ERNDIM accepts payments in Euro, GB pounds or US dollars and it is important that the correct bank account is used for payments in each currency.

Payments which are made into the wrong bank account (for example a payment in Euros paid into the GB pounds account) can result in losses due to the bank exchange rate.

Bank Charges relating to the participant's bank or agent MUST be borne by the participant. ERNDIM is responsible solely for its own bank charges.

**All correspondence and invoice payments should contain your laboratory's ERNDIM reference number (ERNxxxx) otherwise it may not be possible to match the payment to the correct account.**

### ERNDIM bank accounts.

- For payments in **Euros and US Dollars** please use the ING account:

**ERNDIM Bank Account**

ING, B4300 Wareme, Belgium

**Account Number:** 340-0876266-06

**SWIFT Address:** BBRU BE BB

**IBAN:** BE85340087626606

- For payments in **GB Pounds** please use the Barclays account:

**ERNDIM Bank Account**

Barclays Business Centre, 2 Arena Court, Sheffield, S9 2LF, UK

**Account Number:** 70540900

**Sort Code:** 20 76 89

**SWIFT Address:** BARCGB22

**IBAN:** GB50BARC20768970540900

- If paying by **cheque or Bank Draft** it should be made payable to 'ERNDIM' and sent to:

ERNDIM Accountant

The Accounting House,

Sheepbridge Lane,

Chesterfield, S41 9RX

United Kingdom

## 13. Terms and Conditions of EQA Participation

All participant laboratories must accept the terms and conditions on the ERNDIM Registration Website before an EQA scheme order can be submitted. The terms and conditions can be viewed on the ERNDIM Registration Website.
